ADS HOUSTON SCHOLARSHIP PROGRAM NOTES TO CANDIDATES

As a candidate applying to the ADS HOUSTON SCHOLARSHIP PROGRAM, I understand the following:

1. This program is designed to help offset some of the expenses of my college education.
2. Each candidate that meets eligibility requirements must submit a completed application (Form A for new scholarship applicants and Form B for sustaining scholarship applicants) and provide all required supporting documents to be considered for a scholarship.
3. The application must be completed in full.
4. Deadlines must be strictly adhered to. Application must be postmarked no later than June 30th.
5. All supporting documents must accompany the application; an incomplete application may delay processing or even disqualify the candidate.
6. Candidates applying for the first time must submit Form A (Program Entry Application). If a first time candidate is currently enrolled in college, Form B (Sustaining Scholarship Application) must be completed as well.
7. Candidates who have received a scholarship award the previous year must reapply for the current year using Form B (Sustaining Scholarship Application) and provide supporting documentation.
8. Any embellishment in the application or any misrepresentation is ground for disqualification.
9. A candidate who has received four scholarships is not eligible for further scholarships under this program.
10. Applications will be reviewed by a selection committee that will weigh all the information provided and will recommend the applicants to be awarded a scholarship in accordance with the criteria set forth in the scholarship Trust Document.
11. Mail application to :

ADS Houston Scholarship Program Selection Committee
